INFORMED CONSENT

It is our responsibility to fully inform you of your treatment. Part of this includes a discussion of any potential side effects or complications. All treatments potentially can cause these reactions, and chiropractic manipulation is no different. It, however, has one of the safest records of the wide range of treatments that can be used for spinal disorders. Please feel free to ask the Doctor if you need any clarification.

Possible adverse effects of spinal manipulation can include soreness in the area of treatment, reactive muscle spasm, injury to the disc causing pressure on nerve tissue, fractures in weakened bones such as ribs, and injury to arteries in the neck resulting in stroke. Soreness or reactive muscle spasm or tightening are common but usually brief reactions to treatment. The other potential complications are rare. It is best to examine the frequency of these potential complications versus the relative frequency of the complications of the other typical treatments which may be used for a spinal disorder.

DISC INJURY from manipulation causing spinal cord pressure

1 per 100 million cases

1 per 400 million (cmt)

ARTERY INJURY from manipulation causing stroke

1 per 1 million

NEUROLOGICAL complication from

Neck Surgery 1 per 64 (cases)

Back Surgery 1 per 333 (cases)

DEATH RATE from neck surgery

1 per 145

Perhaps the most common alternative to spinal manipulation is the use of anti-inflammatory drugs or NSAIDs. These drugs cause fairly common and can also potentially cause serious complications.

COMPLICATIONS ASSOCIATED WITH ANTI-INFLAMMATORY DRUG USE	
Serious stomach or intestinal bleeding	1-4 per 100 users
Hospitalizations from complications	20,000 per year
Deaths from complications	2,600 per year

I have read the above and understand the risk of complication that may occur from spinal manipulation. With this understanding, I consent to treatment with spinal manipulation by Eric Belusa, DC or any DC at Performance Chiropractic.

SECURED DOCTOR'S LIEN, ASSIGNMENT, AND LIMITED POWER OF ATTORNEY

I _____ (patient name) residing at _____ (address) hereby enter into the following agreement with Dr. Eric Belusa, hereafter known as "the Provider" in order to guarantee payment for services rendered by the Provider to me. I understand that I am directly and fully responsible to the Provider for all health care bills for services rendered to me in the past, present, and future. I understand that I am directly and fully responsible to the Provider for any remaining balance on all health care bills for services rendered to me that were submitted on my behalf to the responsible insurance carrier. This document further serves to acknowledge my responsibility to repay all remaining balances subsequent to all applicable insurance payments. I agree to make myself available to appear or correspond with the Provider as often as may be necessary for any collections effort that is undertaken.

The Provider agrees to seek compensation from the appropriate insurance carrier prior to invoking the terms of this lien based on the accuracy of the information the patient has provided. The patient shall provide all necessary insurance information, police reports, and any additional documentation or information deemed necessary by the Provider for the submission of the aforementioned insurance claim as applicable. I agree to comply with all Insurance Company regulations including, but not limited to examinations under oath and independent medical examinations. Failure to provide accurate insurance information leading to a viable source of coverage may serve to interfere with obtaining available insurance benefits, including payment to the Provider.

I hereby give and grant this lien on my case to the Provider against any and all proceeds of any settlement, judgment, verdict, or other disposition of any litigation filed or contemplated on my behalf that may be paid to me OR MY ATTORNEY as a result of the injuries for which I have been treated. I grant the Provider this lien against such sums of any settlement, judgment, verdict, or other disposition of any litigation filed or contemplated on my behalf as may be necessary to adequately reimburse the Provider for services rendered to me and towards all outstanding balances. I hereby agree to provide accurate contact information for the attorney pursuing any litigation on my behalf.

In consideration for the named Provider having agreed to treat me without immediate payment at the time of service and enabling me to obtain treatment for my accident/injury/illness without financial hardship, with payment of these services to be made no later than the conclusion of the Patient's(s') claim(s) relating to this accident/injury/illness, I give the Provider an irrevocable lien on my cause(s) of action and an irrevocable assignment of funds derived from this/these cause(s) of action with any settlement, claim, judgment, verdict, award, result, or otherwise of my accident/injury/illness. This is done for the purpose of securing actual payment of all fees owed to the named Provider by the below named patient(s) as and when such funds are received. This lien is secured with any and all real and personal property I own at the present time as well as in the future.

I also understand that if the settlement does not cover my bill with the Provider, I am still personally responsible and liable for the remainder, and the payment by me of this bill is not contingent on any settlement, claim, or judgment which I/we may eventually recover. Payment must be made by Patient(s)/Guardian(s) at the conclusion of Patient's(s') claim(s) regardless of whether any and how much money is received through this/these claim(s).

The Patient(s) grant(s) to the Provider a Limited Power of Attorney to receive funds, negotiate any drafts or checks, and to execute any documents related to payment for services rendered to me.

I hereby **direct** and **authorize** direct payment to the Provider such sums as may be due and owing for health care services rendered to me. I further direct my ATTORNEY to honor this lien and to withhold such sums from any settlement, judgment, verdict, or other disposition of any litigation filed or contemplated on my behalf as may be necessary to adequately reimburse the Provider for services rendered to me towards all outstanding balances.

I understand that this document is irrevocable, may not be rescinded, and that my ATTORNEY shall not honor any such rescission. I hereby instruct that in the event another ATTORNEY is substituted in my case, the new ATTORNEY honor this lien as inherent to the settlement, judgment, verdict, or other disposition of any litigation filed or contemplated on my behalf and enforceable upon the case as if it were executed by him/her. I hereby direct my ATTORNEY, on demand, to provide the status of such litigation to the Provider or his attorney engaged in any collection efforts. Furthermore, I direct my attorney to contact the Provider prior to disbursement of any funds to ascertain any outstanding balances due and owing.
